

## **STUDENTS WITH SPECIAL NEEDS**

Peace wapiti School board is dedicated to meeting the needs of individual students with special needs. Each school has an allocation for special education based on the student populations. Programs are developed for students in consultation with the special education/resource teacher, classroom teacher, parents, specialists and central office. A range of students are served in each school; from those with mild to moderate learning difficulties to those who have severe disabilities.

### **Goals:**

1. Coordinate and inservice school staff members on a multi-agency service approach to more effectively meet the needs of students in Peace Wapiti School Board jurisdiction. (i.e. Mental Health, Mistahia, Student Health, School Community Team, etc.)
  2. Research, Develop and Pilot a new IPP template for all Peace Wapiti School Board Schools.
  3. Re-evaluate private services to see what is reasonable for Peace Wapiti School Board.
  4. Psychological services – move more to consultation services from assessment.
