

Peace Wapiti School Transportation Department

Peace Wapiti School Board owns and operates 163 buses of which 132 are on regular routes, traveling in excess of 20,000 kms a day.

The buses are serviced and dispatched from 2 Board owned shops, one in Grande Prairie and the other in Rycroft. The system is staffed by 132 full time school bus drivers, 80 spare bus drivers and 14 shop and office personnel.

The transportation annual budget is in excess of \$6 million dollars, the majority of which is funded by Alberta Learning.

A recent study conducted by the Board clearly indicates that Board policies, practices respecting ride-walk limits, morning pick-ups and afternoon drop off times and route length are comparable to those found throughout rural Alberta.

The Peace Wapiti School Board is very proud of its school bus mechanical safety record as shown by recent random inspections done by Alberta Transportation Safety Officers.
